You'll download the virus, infect your Windows PC, do its dirty work, and come away with a huge payoff: the ability to hack Facebook, Instagram, or any other networked system without a trace. Thank you for your support! It's finally here! From the creator of the award-winning Anno series comes Anno 1404: Gold Edition! Create your own Anno 1404 dream city. This deluxe game includes all of the content of the Collector's Edition, plus much more. Everything you love about Anno – from the day you start building to the day you finish all your projects! Start your own trading empire and construct the world's most magnificent buildings. All under the watchful eye of President Eisenmann and his powerful council of political advisers. A new era of discovery – and adventure! Experience a whole new Anno game world where you have the freedom to make your own discoveries, trade with thousands of unique species, and build your empire to become the richest and most powerful leader of the 13th century. Examine objects and discover their secrets with new items and special abilities. Take part in amazing and original quests, compete in 3 exciting game modes, and travel around a living, breathing world in the most anticipated open-world strategy game ever! And of course, the great Anno experience you know and love, and much more! Download now and start your own adventure to discover the wonders of a whole new world! Upgrading and modifying cars will be a nightmare. But who cares when you're offered the chance to hack into Facebook, Instagram, Twitter, or any other networked system without a trace.
