## Amped Five Software Free Download

Amped FIVE is designed to help you get the best images, video, and media out of your work, easily and affordably. Amped FIVE is an intuitive and easy to use tool for managing your complete work cycle. Create a master folder to hold your images, and choose the perfect workflow for every task. Then place your images and videos in their folders in one of the unique Stacks, including Discovery, Sequence, and Episode. Amped FIVE's intuitive interface allows you to easily manage your workflow and redact or conceal your content, as well as gather information and keep track of your work on your MacBook or desktop computer. Features include the following:

- Alignment: Perfect alignment for perfect pictures. Place your images anywhere on the screen and get the best frame for every image. Even images with multiple layers can be perfectly aligned.
- Auto-Align: By creating a new stack for each video, or each image, you can store your images and videos in their own individual stacks. This allows you to align them with the elements you see on the screen, even if they are in multiple layers.
- Video Frames: Get the best frame for every video and video clip. Adjust your video frames to keep your content sharp and vibrant.
- Picture Frames: Get the best frame for every image. Select from a multitude of frame types and transitions, to use in your images.
- Freeze Frame: Capture a single, perfect moment from your images or videos. Display the captured frame as a wallpaper for your desktop.
- Pin Shot: Snap a frame for a perfect picture.
- Rotate: Get the perfect rotation for your image or video. The ultimate tool for making your pictures and videos look their best.
- Recycle Bin: Save the best frame for every image and video in the Recycle Bin. It's the perfect tool for capturing the perfect moment.
- Stamp Slider: Choose from a variety of frames for your pictures and videos. Use Stamp Slider to make your images look like they were taken with a DSLR.
- TV and Photo Mode: Make your images and videos look like they were taken with your iPhone or digital camera.
- Vignette: Adjust the overall look of your images and videos.
- Color Filters:
